## HALF THE WORLD TO EAT YOUR BREAKFAST

Using our MLK video resource, this session explores the hundreds of jobs involved to get food on your table

## FOOD FOR THE FUTURE

Focusing on food sustainability, this session explores potential new food products, with a design challenge

## FROM FARM TO PIZZA

20 minute video highlighting the journey from field to fork of a pizza, with a fun design challenge activity

## BUILD A UNI

An introduction to what a university is. Pupils will learn about a campus and an idea for building their own university

## ALL ABOUT HARPER

Presentation explaining who Harper Adams is, the courses, entry requirements and career prospects

## BUDGETING YOUR BEANS

A session focusing on managing your money and healthy eating

## FINANCE MYTHBUSTER

Quiz based presentation looking at student finance, what it is, and how and when you pay it back

## H.E. FOR ME?

A broader session looking at UCAS, statements, finance and goal setting

**All of these sessions last up to 1 hour, but can be tailored to your time slot.**

**We can also attend your virtual careers fairs and we have a directory of 5-minute introductory videos, from Harper in general to course-specific talks, for use at smaller events or for time-restricted sessions**

All of our sessions can fit any of these three formats, so when requesting a session, please let us know which format you require

## PRE-RECORDED DOWNLOAD

- A full session which you will download and play to your class at your convenience.
- Session options can be a 5-minute video, to a 1 hour video with activity, depending on your choice.
- Fully flexible to your timings.
- Numerous videos can be edited together for you to fill longer time slots if required.

## PRE-RECORDED DOWNLOAD WITH LIVE CHAT

- A full session which you will download and play to your class whilst engaging in an online chat forum with a member of the outreach team.
- Session options can be a 5- minute video, to a 1 hour video with activity, depending on your choice.
- Set timings would be required and booked in with the outreach team.
- Computers or phones (if allowed) might be needed for students to engage, unless teachers run the chat function.

## VIRTUAL PRESENTATION

- A full session which will be presented virtually by one of our outreach team members, live streamed to the class
- Session options can be a 5-minute video, to a 1 hour video with activity, depending on your choice.
- This format also includes the option to have a chat forum
- Some sessions might require teachers to play additional video resources alongside the session to avoid technical lags.
- Computers or phones (if allowed) might be needed for students to engage, unless teachers run the chat function.

### Education pack downloads

We also have a database of downloadable educational packs, full of research and activities, for both primary and secondary ages. Linked to the national curriculum and our course offering, these packs would be beneficial for classroom-based activities but also homework inspiration. They are also an ideal follow on from our virtual sessions. Email the team to request a link.
